STUDIO | WINDOWS+DOORS

Timber windows fulfil the highest of technical and functional standards, making it comfortable to spend time indoors as well as complimenting the buildings exterior appearance. A wide range of colours, available in many shapes and sizes as well as the optional aluminium cladding allowing design flexibility.

They are also a great choice for people who value natural, more traditional solutions

The 78 mm profile is highlighted by a modern design and optimum performance parameters. Made of pine, meranti or oak timber (other timber species available on request)
