# KLAR

STUDIO | WINDOWS + DOORS

Concept System® 77 is a high insulation window and door system that meets elevated requirements regarding thermal insulation, stability and security. The system's HI+ variant achieves Uf values down to 0.211. The Uf value of a frame/vent section with 4 1/2" visible width is 0.299.

CS 77 is available in a variety of aesthetic styles to match the current trends while offering all types of both inward and outward opening windows and doors.

The system's performance regarding acoustics, water- and air tightness, but also for specific applications like Bullet - and Fire Resistance, meets the most severe European standards. Moreover, CS 77 is available in different burglar resistance levels (RC2 & RC3) making it an extremely secure system.

## FUNCTIONAL

The standard product offers a Functional design which means it will fit any building style.

## HIDDEN SASH

The Hidden Sash is an operable element that looks like a fixed element from the outside for more architectural symmetry and a clean look.

## SOFTLINE

The Softline variant has been developed to have soft and smooth edges.

ConceptSystem 77 is a versatile window system that complements almost any building project thanks to its many design options. Compatible with different burglar resistance levels, the aluminium windows offers both a safe and stylish solution.

# FEATURES
