

KLAR HiFINITY

KLAR
STUDIO | WINDOWS + DOORS

Ultimate design freedom.

Available in a wide variety of configurations with open or glass corners, large and connected glass panels, motorized sashes, pockets and alternative threshold solutions, HiFinity can wrap itself around any building. For the most challenging requests you can rely on our project department to design and deliver a bespoke solution, tailored to your needs.

Ultimate luxury.

Designed to be invisible when you want it to be, but a closer look will reveal the high attention to detail. The excellent performances allow the system to be implemented equally comfortable in a residential sub-urban home as in a high-rise hotel near the seaside.

Ultimate solution.

All of this, in combination with the high energy performance and the minimalistic look, makes this product the go-to solution for low-energy contemporary architecture.

STUDIO | WINDOWS + DOORS

PROFILE FINISH

FLOOR FINISH

ZERO THRESHOLD

HiFinity is always a zero threshold solution, but we also offer 2 alternatives: **PROFILE FINISH**, lets you cover the track area, so the floor level remains the same everywhere, which is especially useful with multitrack solutions. **FLOOR FINISH**, lets you completely erase the system boundaries, by continuing the flooring on top of the system. When the door is opened, the bottom profile 'disappears'.

OPEN CORNER

A creative corner solution makes it possible to open up spaces without any fixed corner element. When the sliding door is open, the corner is entirely free, offering a unique solution for application in places where access to the exterior adds particular value, expanding the living area, e.g. residential homes, penthouses, holiday homes and hotels.

FEATURES

- CONCEALED DRAINAGE - No more plastic cover caps, enjoy those clean lines
- GUTTER - Better water performance without adding thresholds
- MORORIZATION - Comfortable to use, even remotely
- ACCESS CONTROL - making your home smart and connected
- GLASS CORNER - Glass to glass connection without profiles obstructing your views
- ZERO THRESHOLD - Entrance without boundaries, even with continuous flooring
- HIGH BURGLAR RESISTANCE
- MAX HEIGHT
- MAX WEIGHT
-

HiFinity's ultra-slim profiles create seemingly endless transparent surfaces with a minimalist look. The elegant aluminum sliding system combines an infinite view with impressive performances. The perfect choice for any low-energy contemporary building.

KLAR Studio was established with the sole mission to provide fully customizable, and energy efficient windows. We are a dedicated team of professionals located on the Gold Coast of Connecticut. Visit us and explore KLAR's unique combination of European innovation, efficiency, engineering and cutting-edge design. All of our windows, doors and accessory products are built with uncompromising precision and are fully guaranteed to last. Employing state-of-the-art production techniques and materials, including aluminum, steel, and wood, we offer an infinite amount of options, sizes, and glazing that are suitable for both modern and traditional applications.

Our customers range from homeowners, architects, designers, construction firms, developers and private institutions. We work with our clients individually to ensure the ultimate in quality, customer satisfaction and proper installation for all projects.

We invite you to discover KLAR Studio|windows+doors and how we can add value and transform your project.
